

T10: Creating a New Customer with an outdated date of birth.

Status Failed	Type Acceptance	Priority High	Estimate None
References None	Automation Type None		

Preconditions

Page <https://demo.guru99.com/V4/> must be open in the browser.
Page <https://devskiller.com/datafairy/> is open in the second window of the browser - generating test data.
Login details for the account: UserID: mngr549292, Password: qUpAvus

Steps

1	We enter the correct data in the "UserID" and "Password" fields, then click the "LOGIN" button located below.	The page shows: "Welcome To Manager's Page of Guru99 Bank" along with the "Manager Id" of the logged-in user: mngr549292. On the left side, options related to the account have appeared.
2	In the Manager's panel located on the left side, click the "New Customer" button.	Redirecting to the page with the option to create a new customer.
3	Entering data generated using " https://devskiller.com/datafairy/ ", manually inputting "PIN" and "State," entering a date in the "Date of Birth" field that is long outdated, and then clicking the "Submit" button below. Note: The entered data cannot contain diacritical or punctuation marks.	The page will display an error and redirect us back to the "Add New Customer" page to enter correct data.
