C8: Creating a New Customer using data that is assigned to another customer.

Type	Priority	Estimate	References
Acceptance	High	None	None

Automation Type

None

Preconditions

Page https://demo.guru99.com/V4/ must be open in the browser.
Page https://devskiller.com/datafairy/ is open in the second window of the browser - generating test data.
Login details for the account: UserID: mngr549292, Password: qUpAvus

Steps

1 We enter the correct data in the "UserID" and "Password" fields, then click the "LOGIN" button located below.

The page shows: "Welcome To Manager's Page of Guru99 Bank" along with the "Manager Id" of the logged-in user: mngr549292. On the left side, options related to the account have appeared.

2 In the Manager's panel located on the left side, click the "New Customer" button.

Redirecting to the page with the option to create a new customer.

3 Entering the same data that was used in the previous test case.
After entering the data, click the "Submit" button.

The page will display the message "Email Address Already Exist!!". After clicking the "Ok" button located on the right, it will redirect us back to the "Add New Customer" page to enter correct data.
